Josh, I am sending you our POLREP from last night...

I talked to our Incident Commander, and he does not see a need for OSHA assistance at this time, but we will call you if we see a need for OSHA presence or assistance...

Steve,

I am getting inquiries from our National Office regarding the oil spill in Arkansas. I have reached out to the Little Rock Area Office but they have not had the chance to gather any information other than that being reported by the media. I was wondering if you have any information you could share and what assistance may be needed if any from OSHA?

Thanks,

Josh Flesher, CSP
